Research Centre for Patient Involvement

2-day Conference on Complex Interventions in November 2021

ResCenPI is delighted to announce that we have received funding to go forth with our plans to host a Conference together with the Department of Health at the University of Aarhus.

Also, we are proud to present the keynote speakers, who are:

- Professor Sue Richards, University of Leeds
- Professor Joanne Greenhalgh, University of Leeds
- Professor Helle Terkildsen Maindal, University of Aarhus
- Professor Mogens Hørder, University of Southern Denmark
- Vice President Annette Wandel, ViBIS

The preliminary title of the Conference is "Patient and public Involvement in design and evaluation of complex interventions in healthcare".

At the conference, the keynote speakers will address the subjects of development, feasibility, evaluation and implementation in complex interventions.

The conference will take place on November 24 and 25, 2021.

We hope you will mark your calendar now and take part in this event of the year.

As soon as the booking system is in place, we will send you an e-mail.

New staff members at ResCenPI

Bente Skovsby Toft is a PhD from the Department of Health at the University of Aarhus (2019). She has experience conducting systematic reviews and qualitative research founded in lifeworld philosophy, theories of wellbeing and has focused on a humanistic approach and person-centeredness in health promotion among persons with severe obesity. She is a physiotherapist with a bachelor's degree in Sports Science and a Master's degree in Health and Humanities Studies.

Bente comes from a position as a Clinical specialist at the Department of Lifestyle Rehabilitation, Horsens Regional Hospital, and has joined ResCenPI as a research assistant. At ResCenPI, Bente will describe patient involvement outcome measures used by researchers to evaluate patient involvement interventions in Denmark and assess their impact on the delivery and experience of healthcare.

Pernille Pennington has a degree in Spanish and Political Science from Aarhus University as well as a diploma degree in communication from DMJX. She has worked as an editor at Aarhus University Press and Gyldendal Akademisk and as a personal assistant at Seges.

Pernille comes from a position as a communications officer and has joined ResCenPI as an administrative officer.
